

Eterno 'Prime' Pedestal

The simplest and most cost-effective adjustable deck support to specify, estimate and install.

ADVANTAGES

- Only three pedestals cover heights from 1 1/4" to 16 1/2"
- Large, 46 sq.in. circular base is scored to enable quick cuts when laid in corners and pre-cut on one side for easy installation at walls.
- Easily removable spacer tabs
- Self-leveling heads provide automatic slope compensation up to 5%
- Top entry tool enables post installation height adjustments
- Screwed columns provide continuous height adjustment
- Anti-twist safety lock
- Bi-material head provides superior sound deadening and shock protection
- Wide 4 1/2" diam. column ensures excellent stability at high elevations

PEDESTAL HEIGHTS

PR1

1 1/4" - 2 1/2"

PR2

2 1/2" - 6"

PR3

6" - 16 1/2"

RAW MATERIALS

Polypropylene and rubber (head top finishing)

ENVIRONMENTAL IMPACT

Recyclable and non hazardous

PR3 EXTENSIONS

EXTENSION

7 1/2" Tall - Added to PR3

Extensions can be added to the PR3 pedestals.

- **One extension** – max height 24"
- **Two extensions** – max height 30"
- **Three extensions** – max height 37"

At high elevations, pedestal supports should be stabilized with guy wires.

APPLICATION SURFACES

- On waterproofing membrane
- On insulating hard panel
- On compact and solid surfaces

WARRANTY

3 year
